OT Sheet

Name : Rupesh Singh
Timing : 5 PM to 8 PM

Task completed :

1. Updating the conversation layout if suddenly a user comes online or goes offline.
2. Adjusting reply layout div using js
3. Adding functionality using javascript for reply button while replying to a text, image or document.
4. Adding a new message card layout for reply messages while rendering on start.
5. Adding a new onclick functionality to the reply div to navigate to the original message similar to whatsapp.
6. Fixing the layout in frontend to remove right and bottom gaps.
7. Changing the time to 12 hours format and rendering the contact list based on last message timing in descending order.
